Summary

1x3 Gridfinity baseplate that snaps to the vertical extrusion and sits on top of the power supply for a Sovol SV06 Plus

[3D Printers](#) > [Accessories](#)

Tags: [sovol](#) [gridfinity](#) [gridfinitybaseplate](#) [sovolsv06plus](#)

This is simply the weighted Gridfinity baseplate (1x3) with an extension that snap-fits to the vertical extrusion on the power supply side of the Sovol **SV06 Plus**. It is a tight fit and will take a little effort to snap on. However, I have not broken one yet.

No support is required to print this model.
