Summary

Johnny 5 robot figurine from the movie Short Circuit

[Toys & Games](#) > [Action Figures & Statues](#)

Tags: [robot](#) [circuit](#) [short](#) [johnny](#)

Johnny 5 will need to be printed with all the listed parts with the following settings below. Stock settings the figurine is about 6" in height. I recommend scaling to 150% for ease of removing supports and better detail on the model.

- PLA
- 15% infill
- 0.1 layer (for fine details)
- (normal) supports
