Roll Top Pill Box-

Post-processing varies with stringing in track. Make sure track is clear before assembly and gluing on the side.

Must super glue side. Use glue sparingly as to not come in contact with track or sliding top when clamped. Clamp for a couple hours. Top will slide freely if glued properly.

Add text to side- Open .step file in fusion 360 and add text to side for yourself or friends. Add text and extrude -.2mm and now you have a customized pill box!
