### Summary

Spruce up your office or garden with some classic brick built flowers!

[Household](#) > [Outdoor & Garden](#)

Tags: [flower](#) [lego](#)

Complete your home office or window garden with some brick built flowers! If you don't have a green thumb - like me - then these classic flowers are for you. I guarantee they won't die on you.

These flowers are inspired by Lego's flower, and mimic the piece connections and designs. It is highly customizable, as you can print the pedals in any filament colors to create vibrant combinations.

Happy printing!
